For this category, please provide 9 high resolution photos with sufficient sharpness to clearly distinguish the eyelashes

Photo 1 - Before the set - Full face:

Eyes open looking straight ahead (do not ask the model to stare at the lens to prevent her from squinting)

Take the photo from the front

This photo should show the full face, and the shape of the eyes

Photo 2 - Before the set - Full face:

Model lying down, eyes closed, the 2 patches in place

Take the photo of the top of the head

This photo must allow to see perfectly the 2 eyes and the state of the eyelashes

Photo 3 - Before the set - 1/4 face:

Model lying down, left eye open, looking upwards

Take the photo from the front

This photo should show the left eye and eyebrow perfectly, the eyelashes from their bases to their tips.

Photo 4 - Before the set - 1/4 face:

Model lying down, right eye open, looking upwards

Take the photo from the front

This photo should show the right eye and eyebrow perfectly, the lashes from their bases to their tips.

Photo 5 - After the set - Full Face:

Full face, open eyes looking straight ahead (do not ask the model to stare at the lens to avoid squinting)

Take the photo from the front

This photo should show the full face, and the shape of the eyes

Photo 6 - After the set - Full Face:

Model lying down, eyes closed, the 2 patches positioned (the mapping / set plan must be drawn on the 2 patches)

Take the photo from the top of the head

This photo must show perfectly the 2 eyes and the implantation of the extensions

Photo 7 - After the set - Full Face:

Model lying down, eyes closed (without eyepatches)

Take the photo from the top of the head

This photo must allow to see perfectly the 2 eyes and the implantation of the extensions

Photo 8 - After the set - 1/4 of the face:

Left eye open, looking upwards

Take the photo from the front

This photo should show the left eye and eyebrow perfectly, the extensions from their bases to their tips.

Photo 9 - After installation - 1/4 face:

Right eye open, looking upwards

Take the photo from the front

This photo should allow to see the right eye and eyebrow perfectly, the extensions from their bases to their tips.
